

Author	Joao Araruna
Test Case	TC7
Description	Verify that the user is able to access the details of a customer who has a big size

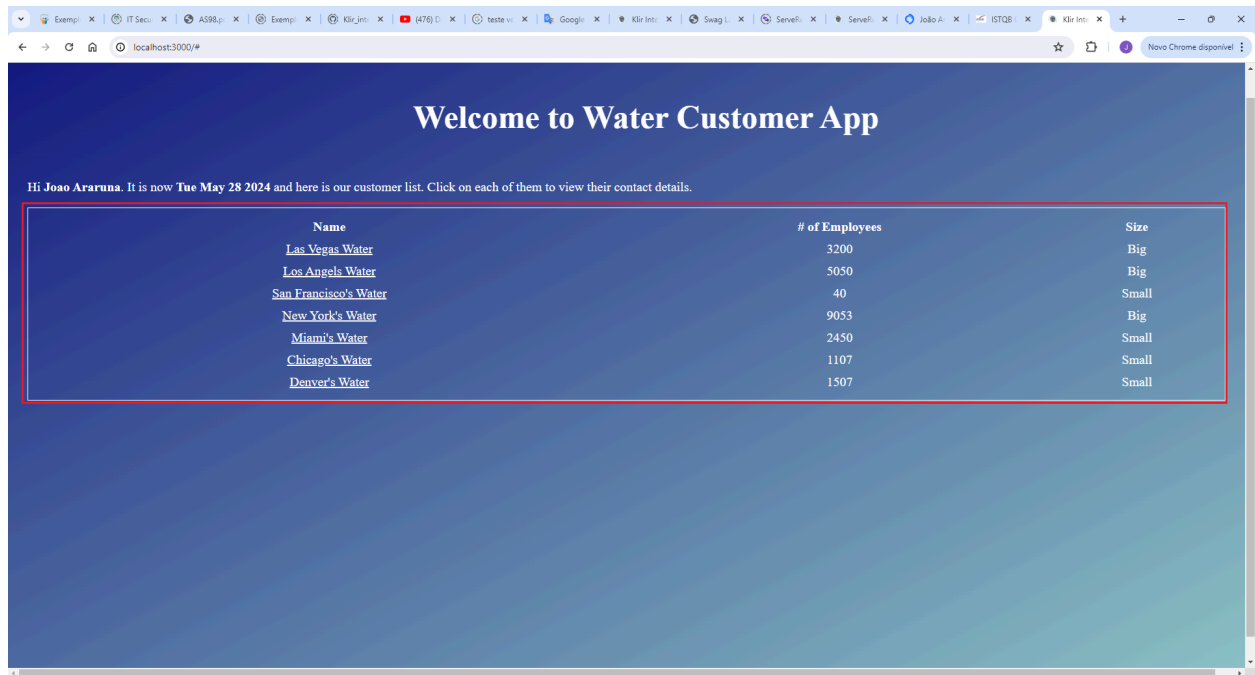

Given that the application was started
And the user access the Water Customer App link
And fills the field with your name

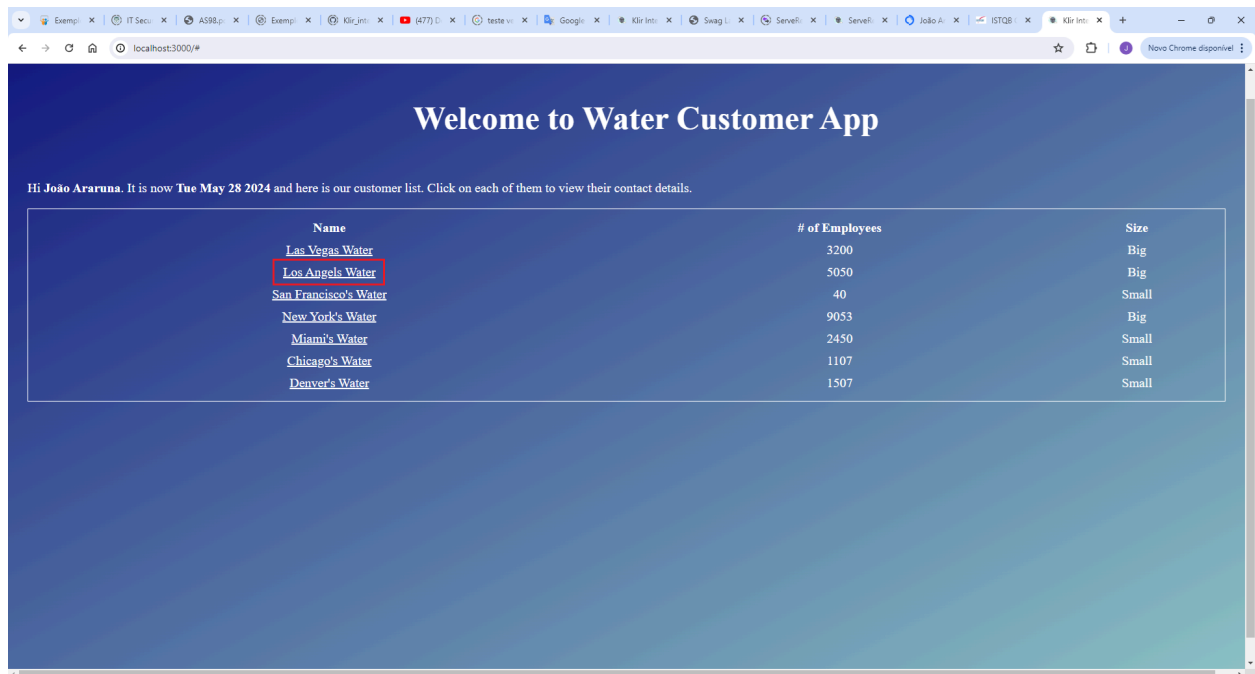

When clicks on Submit button

And the customers list is presented

When the user select the name of a customer that has more than 5000 employees

Then the application shows the fields Name, #of Employees and Contact filled, and the Size field filled with text “Big”
